

All Source is the innovator of the One Key Solution which greatly increases efficiencies for collection employees. All carts, consoles and deskside collection containers can be opened with one key and can be matched with existing key codes. This proven locking system is a heightened security feature that can be leveraged as a value added service to your customer.

No more fumbling around with a bunch of keys!

## EFFICIENT

- No fumbling through a bunch of keys
- Generate more revenue by spending less time collecting
- Customer has easy access to containers

## FLEXIBLE

- We can match existing key codes

The One Key Solution gives you freedom from the hassle of many keys
