

WOOD FINISH EXECUTIVE CONSOLE

The Defender Ergo Duraflex Signature Series console blends perfectly into office environments while still providing an unparalleled secure document collection option. The signature series has all the features of the Ergo Duraflex, with an attractive cherry, maple or espresso finish on both the door and top panels, to complement the charcoal sides and black hinges.

Compatible with both the All-in-One bag, and the Ergonomic Rigid Insert, the Signature Series Console can be used as a Joint Commission Compliant collection container, or used with the All-in-One bag for maximum capacity.
