

## 65 GALLON FOUR WHEEL COLLECTION CART

The Defender 65 Max was designed with ergonomics in mind to become the most durable and efficient 65 gallon cart available! The 65 gallon size provides the best mixture of capacity and mobility for businesses.

The Max utilizes all of the existing strengths of the container. With the addition of the CNC engineered HDPE reinforcement plate to better distribute weight; the Defender 65 Max will carry an additional 40 lb over the standard cart, putting the load capacity at 280 lb!
